Boundary Adjustment Community Meeting and Open Enrollment Slots Announced

February 28, 2014, Hillsboro, OR – Hillsboro School District announced today that it will be holding an additional community meeting to share its final draft boundary adjustment proposal on Thursday, March 6, from 6:30-8pm in the Quatama Elementary School cafeteria (6905 NE Campus Way, Hillsboro).

Quatama families, especially, are urged to attend this meeting to learn about the current proposal and how it might impact them.

A packet of information for the meeting, including a summary of changes and maps, is available on our website under Schools/Attendance Boundary Adjustment.

In other news, the District announced it will open 250 spots for students residing in other districts who wish to attend Hillsboro schools. A list of the number of spots available at each school is available on our website under Students/Transfer Requests.

Students are asked to keep in mind the following important points:

- Students entering grades 10-12 who transfer through the open enrollment process will lose one year of eligibility for OSAA-sanctioned athletics and activities.
- Transportation will not be provided.* (*To access Hillsboro School District transportation, a student would have to get themselves to a designated bus stop on the existing route to their requested school.)

Applications will be accepted through Monday, March 31; student placement will be determined by the end of April.

There will be a separate process for in-district (Hillsboro School District resident) transfer requests, and there will likely also be another opportunity afforded to students residing in other districts who wish to transfer to Hillsboro, however that process will likely not be announced until later in the spring.
