

# Human Resources

“The Human Resources career learning area includes a wide range of career clusters that weave together work in the areas that focus on people; their needs, their growth development, and their safety and well being. Those who work in the fields representing Human resources need a common foundation of knowledge and skills that enables them to assess the complex dilemmas facing individuals and groups in unique situations, identify and weigh options and

possibilities, and act in ways that are effective and socially responsible. Careers in this area are very diverse and range, for example, from education to corrections, from law and government to fire and safety, and from child development to national security.”
