

Launch your career in School Counseling with Lewis & Clark

Attend a virtual information session.

Focused on Social Justice & Equity

The School Counseling program at Lewis & Clark emphasizes a democratic, systemic approach to school counseling that gives graduates the skills to reach out to students whose needs are not being met and to involve all members of the community - parents, educators, administrators, peers - in ensuring student success. By the end of your program, you will have experienced the continuity of the education system and will be prepared for licensure across all grades.

Classes are scheduled afternoon/evenings with occasional weekend courses. Part-time study available.

Register for our upcoming virtual info session to learn more about our School Counseling master's degree and preliminary license program.
