

SIMPLE STRATEGIES FOR TEACHING KIDS BEHAVIOR

**Do you want to reduce conflict? Have better relationships? Help your children manage their own behavior?
You need PAX Tools!**

Join us for a [FREE VIRTUAL WORKSHOP:](#)

WHO: Parents, Guardians, and Caregivers in Washington County

WHEN: Wednesday, December 1st, 2021

TIME: 5:30PM - 7:30PM

WHERE: VIRTUAL – Google Meet (once registered you will receive a meeting code)

What are PAX Tools?

PAX TOOLS Kits Provided!

PAX Tools is a collection of evidence-based, trauma-informed strategies to improve cooperation and self-regulation with youth. PAX Tools draws on decades of science to create strategies that support parents, youth workers, and other caring adults to create a nurturing environment that ultimately helps kids thrive!

Who should attend a PAX Tools training?

PAX Tools is intended for any caring adult who interacts with children, such as parents, caregivers, professionals and volunteers. Caregivers who participate in PAX Tools training will receive the materials they need to effectively use PAX Tools with children, including the PAX Tools App.

How to sign-up

20 spaces per workshop available. To save your seat, please register using the following QR Code:

Tool #1: Shared Vision

Shared Vision ensures that young people and adults are on the same page with expectations as well as possible pitfalls for the upcoming activity.

Tool #2: Low Emotional Response

Low Emotional Responses allow adults to provide instantaneous, neutral, non-verbal feedback for individuals without embarrassment or interruption of an activity.

Tool #3: Beat the Timer

Beat the Timer allows young people to block out distractions and stay on task to the finish.

Tool #4: Random Sticks

Random Sticks help in scenarios when children feel that adults are playing favorites or not being "fair".

Tool #5: Mystery Motivators

Mystery Motivators jump start motivation for completing tasks and carrying out positive behavior.

Tool #6: Kudos Notes

Kudos Notes are written letters of appreciation that identify and increase the behavior we want more of.
