

Hillsboro School District Budget Committee

The Hillsboro School District Budget Committee is one of two standing formal committees of the Board. It includes the Board of Directors and seven volunteer citizens who are appointed to serve three-year terms. Committee members must be registered voters living within the boundaries of the Hillsboro School District, and cannot be employees, officers, or agents of the District. Membership on the Budget Committee offers a unique opportunity to contribute to an essential aspect of District operations, while learning about the District's budget development process and the factors involved in making school district budget decisions. Budget Committee activities are typically concentrated in the months of January-May, as the District begins to create its budget for the following school year. For additional information, please contact Val Bokma, assistant to the Board of Directors at bokmav@hsd.k12.or.us or 503.844.1500.
