BUDGET FORMAT

Welcome to the Hillsboro School District budget document. The following section is a guide for navigating the budget document's format and organization as well as the budget preparation process.

The budget document is organized into four sections:

- Executive Summary
- Organizational Section
- Financial Section
- Informational Section

The Executive Summary includes the Budget Message and an overview of the 2022-23 budget. The narrative presents the budget in the context of the District's Strategic Plan. In addition, summary budget information is presented as well as budget forecasts and student enrollment history and projections.

The District Goals and Budget Committee for 2022-23 are included in the budget document. The Budget Committee and School Board are jointly responsible for oversight and approval of the budget, and the School Board makes appropriations and imposes taxes.

The Budget at a Glance highlights major budget changes from 2021-22 with an emphasis on the General Fund.

The Organizational Section is comprised of general information about the District and its budget, including the level of education provided, geographic area served, and number of schools and students. Also included in this section are significant budget and financial policies, procedures and regulations as well as a detailed description of the budget process.

The Financial Section contains required information for the District's funds and descriptions of significant revenue sources and expenditure categories.

The Informational Section includes detailed historical and projected personnel resource allocations, property tax information and other performance measures used by the District.

BUDGET MESSAGE

Dear Hillsboro School District Budget Committee Members and Patrons:

In accordance with ORS 294.391, I submit to you the Hillsboro School District IJ proposed 2022-23 budget.

The 2022-23 school year is the second of the 2021-23 biennium and therefore our funding level is already established. The 2021 Legislative Session set the State School Fund at \$9.3 billion, which is \$300 million short of what would have been needed to meet the Hillsboro School District's Actual Service Level. With our district receiving approximately 3.4 percent of every dollar appropriated by the State, the insufficient funding equates to a shortfall in HSD of just over \$10 million, or approximately \$5 million for each year of the biennium.

Fortunately, there are other funding sources that have been made available to districts through legislative action and federal pandemic relief that will help us weather the coming year without having to make significant reductions to staffing levels or programming. In addition, the unique situation caused by COVID-19 in the 2020-21 school year led to a significant decrease in expenditures versus budget expectations, which I will describe below.

The Student Investment Account (SIA), which receives fifty percent of the revenue generated by the Student Success Act (SSA), is fully funded for the second year in a row. Two-thirds of SIA funding is used for services that would have been eliminated from the 2021-22 and 2022-23 budget cycles due to insufficient state-level allocation, while one-third is used for investments based on stakeholder feedback and student needs as identified in the Accelerated Learning Plan.

The High School Success Plan (Measure 98) will also be fully funded for the second year in a row. The High School Success Plan initiative provides \$800 per high school student for schools to establish or expand career and technical education programs, college-level educational opportunities, and dropout prevention strategies. The Hillsboro School District has used its Measure 98 money to hire graduation coaches and student support and wellness counselors, as well as expand career-related learning courses and access to postsecondary opportunities.

Over the course of the COVID-19 pandemic, the federal government has made support and recovery funds available to individuals, nonprofits, businesses, municipalities, and school districts.

School district support has come through the Elementary and Secondary School Emergency Relief (ESSER) Fund, established as part of the Education Stabilization Fund in the CARES Act. There have been three rounds of ESSER funding made available to school districts as reimbursements for eligible expenses up to the allocation amount,

which is based upon the formula used to determine a district's Title IA distribution under the Elementary and Secondary Education Act (ESEA).

HSD's allocations are as follows:

Funding Round	Amount	Expiration Date
ESSER I	\$1.3 Million	Expires 9/30/2022
ESSER II	\$6.4 Million	Expires 9/30/2023
ESSER III/ARP (American Rescue Plan)	\$24.3 Million	Expires 9/30/2024

Due to the modified service models of Comprehensive Distance Learning and Hybrid in the 2020-21 school year, the District did not access ESSER Funds last year. Instead, we have carried the funds forward and allocated them on an annual basis as part of the regular budget development cycle, mapped backwards from their expiration date and targeting both operational and student needs.

These funds are considered temporary in nature, and the District is intentionally targeting them to provide temporary supplemental services for learning acceleration, safety and health, and stability in operations over the full length of time available.

The disruptions and uncertainty caused by the COVID-19 pandemic had a significant impact on our students, staff, and families. Oregon schools had to spend approximately three-quarters of the 2020-21 school year in a Comprehensive Distance Learning (CDL) model, and the last quarter in a hybrid (in-person and remote) model. While far from ideal for learning delivery, there were operational savings realized as a result. The District's participation in workshare and reassignment of staff that did not have work available during CDL, coupled with savings on substitutes, temporary staff, fuel, utilities, and supplies, led to the avoidance of \$11,027,440 in expenditures versus what was budgeted. We also received special relief funds from the State (\$431,201) and Washington County (\$1,430,472) for a total of \$1,861,673 in additional revenue.

Because school districts are required to have a balanced budget where total resources equal total expenditures, we are not allowed to carry forward one-time resources beyond what is budgeted to achieve a zero sum balance. Therefore, the District will be reestablishing an Internal Service Fund into which \$8.5 million of the surplus funds will be transferred and made available for future expenses.

The District has established Internal Service Funds before, most recently in 2013-14 when money was set aside in a PERS Reserve Fund to offset pension cost increases. The fund was utilized within five fiscal years and exhausted in 2018-19.

This current iteration of the Internal Service Fund will not be designated to a specific purpose, but rather may be appropriated as transfers to the General Fund by the Board during future budget development periods for uses such as Actual Service Level

stabilization, technology replacement, PERS reserve, Strategic Plan initiatives, or curriculum adoptions.

The 2021-22 school year has been a bit of a transition year between what could arguably be considered as a “typical” educational experience and the CDL/Hybrid model of 2020-21. We anticipate the 2022-23 school year to represent a more complete return to normalcy and hope to see a stabilization of our enrollment and student attendance. The Hillsboro School District, along with other districts across the state, has seen a decline in enrollment over the past two years due to the combined effects of pandemic uncertainty and decreased birth rates. We have based our 2022-23 budget on current enrollment projections and Actual Service Level projections, and will closely monitor enrollment trends to predict our budget needs for the 2023-24 school year and beyond.

As we enter the fall of 2022, advocacy efforts for the 2023 Legislative Session will increase to ensure that state revenues maintain pace with Actual Service Level cost projections for the 2023-25 biennium. We invite you to stay informed and join us in those advocacy efforts as we work hard to ensure our students have access to all of the support, resources, and opportunities they need and deserve to pursue their dreams.

Respectfully,

Mike Scott
Superintendent

BUDGET AT A GLANCE

- The 2022-23 school year is the second year of the 2021-2023 biennial funding cycle of the State of Oregon.
- Although enrollment is expected to increase due to the availability of new housing in the district, the recent trend is flat with a slight decline as graduating classes are larger than incoming Kindergarten classes. Birth rates are down, and student mobility factors indicated that students are leaving the district and/or not returning after break periods. The district is predicting a return to a “pre-COVID” enrollment trend after the public health crisis has passed.
- Expenditure assumptions are developed using historical trends and current market data, in regards to the following:
 - Staffing adjustments align with targeted student ratios plus 3.0 percent growth in salaries
 - Current number of school calendar/contract days and in-person instruction all year, including activities
 - The areas Services and Supplies have an average 3.0 percent annual increase in utilities, fuel, subs, and service agreements
- The General Fund operating revenue is projected to increase by \$11.7 million, or 6.2 percent based on the state budget appropriation to K-12 of \$9.3 billion. The increase is due to the inclusion of assigned fund balance items as reported in the 2020-21 Comprehensive Annual Financial Report, proposed herein as an inter-fund transfer to the Internal Service Fund for future spending.
- Student Investment Account Funds will be utilized for costs eligible under the act required to maintain the Actual Service Level (ASL). Eligible services totaling \$9.0 million have been reduced from the General Fund and maintained by the use of Student Investment Account funds since 2020-21. The remaining \$5.5 million is for additional services for students.
- The Special Revenue Funds are estimated to increase by \$4.5 million due to a temporary increase in federal resources for pandemic relief. This is the second of a three year Accelerated Learning Spending Plan that included full funding of SIA and ESSER/ARPA funds. The Federal ESSER/ARPA funds will be exhausted by September 30, 2024.
- The Debt Service Fund will increase by \$3.9 million to meet the principal and interest payments for capital construction and pension obligation bonds.
- The Capital Construction Fund is appropriated at the level required to complete projects according to district timelines and per the ballot title approved by voters in 2017 with a reduction of \$38.2 million or 45.9 percent from 2021-22.
- The Internal Services Fund historical transfer is from the PERS Reserve and propose a transfer into the fund for “Future Spending” of \$8.5 million.

- Smarter School Spending framework is used to align improved student achievement with a focus on equitable access to learning for traditionally underserved students and students with barriers to success in alignment with the [Policy JBB: Educational Equity](#).
- To the extent possible, the budget must ensure financial stability through the end of the 2021-23 biennium and sustain future services. Pandemic-related federal funding will be targeted to meeting basic needs, social and emotional supports, and accelerated learning opportunities. Because they are temporary by design, they may not be used for current service level operations.
- The District will target a 4 percent General Fund ending balance over the biennium.
- The District will continue to utilize Special Revenue Funds such as the Construction Excise Tax, SB1149 (Senate Bill 1149, est. 2002, public purpose charge for energy conservation strategies), and Bond funds for eligible expenses to reduce the impact of operational budget reductions to instruction.
- Federal program revenues are based on historical trends and estimates provided by the [Oregon Department of Education](#).

BUDGET PLANNING CALENDAR

Hillsboro School District Budget Development activities are listed in the table below.

Date	Activity
June 22, 2021	Appoint Budget Officer

EXTENDED PROJECTION ASSUMPTIONS

The following assumptions describe the extended budgetary outlook.

Revenues

- General Fund revenue will increase by 4.5 percent per year (includes property and income taxes) and will be held harmless from further “carve-out” grant designations.
- Measure 98 funds for College and Career Readiness and Drop-out Prevention will be sustained and accounted for as a Special Revenue Fund.
- The Student Investment Account will be fully funded per statute and revenue availability.
- Federal grant funds will be based on historical funding levels and estimates from the Oregon Department of Education, if they are available, including aid for the pandemic period.

- Other local revenue collections will grow at an annual rate of 4.5 percent.
- Annual District & ESD Local Revenue increase 3.0 percent.
- Enrollment is based on historical trend analysis and projected impact of new residential development. Although the 2021-22 student enrollment decreased, estimates are based on a return to a “Pre-COVID” enrollment trend.
- The Capital Construction Fund bond revenue will be invested per policy and earn interest to be used in the “out” years between bond asks of the community. The 2017 Bond authorization is divided over two sales (2017, 2020) to provide cash flow in accordance with the project schedule.
- The District has no significant demographic changes, however there is a significant infusion of resources in the form of large state grants and federal aid.
- The Nutrition Services Program will return to normal (charging students for meals) due to the expiration of the federal waiver that provided free meals to all students.

Expenditures

- The budget assumes a full school year, with no reductions to the targeted investment areas of the Arts, Athletics, Activities, TAG, STEM/STEAM, or serving students in poverty.
- PERS payroll rate increases by 0.9 percent in the 2023-25 biennium based on the most recent valuation, bond debt service rates, and impact of the state level system reforms provided by Senate Bill 1049¹.
- Debt service requirements are calculated on a consolidated schedule based on current obligations, assessed property values, and collection rates.
- Staffing projections are based on the 2021-22 current service level and aligned with Student Investment Act and full funding of Measure 98. Licensed staffing will be adjusted in 2022-23 according to student enrollment. Class size targets are tiered by grade level: Kindergarten, 26:1; Grades 1-3, 24:1 (reduced from 28:1); Grades 4-6, 28:1; and Grades 7-12, 30:1 (reduced from 31:1).
- There is a 3.0 percent annual average increase in utility, equipment, property/liability costs, and supply costs.
- Non-consumable supplies for technology, equipment, energy-savings improvements, and certain maintenance services up to \$2.0 million annually may be paid from Bond Funds if aligned with the ballot title.
- The General Fund end balance will remain at the 4.0 percent target.

BUDGET SUMMARY AND FORECAST - ALL FUNDS

Although costs continue to increase, the forecast for all funds is decreasing through 2023-24 due to the spend down of the 8-year capital construction bond, fluctuations in debt service funds and anticipated flat funding from the State School Fund in the next biennium, as well as projected flat enrollment.

***Notes:**

General Fund: Includes projected growth (at \$9.3B Current Service Level State School Fund).

Special Revenue Funds: ESSER Funds exhausted after FY 2022-23, creates a significant drop. SIA and HSS projected steady at full funding for 2022-23 and beyond.

Debt Service: Estimated to grow by historical 1.33 percent annually per debt schedule and tax collection rates.

Construction: Steady spending down of bond proceeds according to project plan.

ALL FUNDS SALARIES, BENEFITS AND POSITIONS – HISTORY AND BUDGET

The District is experiencing an increase of 19.9 percent in salaries for the 2021-22 budget year, largely due to federal pandemic assistance funds and the passage of the SSA in Oregon in the spring of 2019 which fully funds HSS and the Student Investment Account. Payroll Costs including associated benefits have increased by 7.3 percent under current work agreements from 2020-21 due mainly to the increase in the salaries noted above. Overall, this is an increase of 15.2 percent for the 2021-22 budget from the prior year in salary and benefits and an increase of 8.18 percent in positions.

ASSESSED VALUE AND PROPERTY TAX SUMMARIES

The permanent tax rate is determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Rates for debt services are set based on each year's requirements.

DEBT SUMMARY

General Obligation Bonds – On November 20, 2012, the District issued \$98.9 million in General Obligation Bonds with an interest rate of 1.5 percent to 5.0 percent. In November 2017, the District passed a \$408 million capital project levy. In December 2017, the District issued a \$268.4 million general obligation bond series and realized an unamortized premium of \$51.6 million, with an interest rate of 3.0 percent to 5.0 percent. In February 2020, the District issued a \$139.6 million general obligation bond series and realized an unamortized premium of \$27.7 million, with an interest rate of 1.5 percent to 5.0 percent.

In October 2020, the District refunded the GO Bond Series 2012 in the amount of \$40.4 million with an interest rate of 0.22 percent to 0.75 percent. The District issued General Obligation Refunding Bonds, Series 2020, in an aggregate amount of \$40.4 million. The proceeds were used to refund the Callable Portion only of the District's 2012 Bonds and to pay the costs of issuance. The Bonds helped the District obtain a benefit of savings in total debt service requirements. The present value of the economic gain resulting from the refunding was \$1,617,680. The Callable Portion of the 2012 Bonds, \$37.1 million, are defeased due to placing the proceeds of the new bonds in irrevocable trusts to provide for future debt payments on the old bonds. This amount has a call date of June 15, 2022.

Pension Obligation Bonds – During the 2004-05 fiscal year, the District participated in pooled issuances of taxable pension obligation bonds to pay off a portion of the District's unfunded actuarial liability. The District issued \$102.9 million in debt as part of a pooled issuance of \$458.6 million.

In May 2015, the District issued \$39.86 million in taxable pension obligation bonds to finance the District's estimated PERS unfunded actuarial liability. Bond proceeds were paid to the Public Employee Retirement System (PERS). An intercept agreement with the State of Oregon was required as a condition of issuance; therefore, a portion of State School Support is withheld on a monthly basis to repay debt. Annual principal and interest payments are made each June 30, ending June 2034.

Qualified Energy Conservation Bonds – In March 2016, the District entered into a direct placement agreement for an Energy Conservation Bond in the amount of \$3.4 million. The bond has an interest rate of 3.46 percent which is largely offset by tax rebates to the issuer as a participant in the [Quality Energy Conservation Bond](#) program.

Capital Leases – The District entered into lease agreements as lessee for financing the acquisition of buses for student transportation in 2016-17 for \$1.3 million, 2017-18 for \$1.3 million, 2018-19 for \$1.1 million, 2019-20 for \$1.2 million, and 2020-21 for \$1.2 million. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the net present value of their future minimum lease payments as of the inception date. The capital lease obligations are paid by the Special Revenue Fund, which is funded by a transportation grant from the State School Fund. The District is on a schedule to decrease financing transactions for bus purchases by the end of FY 2024.

Changes for the long-term obligations for the year are as follow:

Governmental Activities Description	Outstanding July 1, 2021	Increases	Decreases	Outstanding June 30, 2022
General obligation bonds	\$450,705,000	\$ -	\$19,365,000	\$431,340,000
Unamortized Premium	68,365,390	-	3,965,117	64,400,273
Total General obligation bonds, net	519,070,390	-	23,330,117	495,740,273
Pension obligation bonds	96,655,000	-	8,790,000	87,865,000
Notes from direct placements and borrowings:				
Qualified energy cons. bond	1,735,125	-	171,807	1,563,318
Capital leases	2,305,825	-	1,650,434	655,391
Total	\$619,766,340	\$ -	\$33,942,358	\$585,823,982

STUDENT ENROLLMENT

The District's adopted budget requirements are based on the number of projected students. State School Funding, the primary source of District revenue, is calculated based on the number and demographic of students enrolled. Staffing is adjusted by staff to student ratios for class size and caseload. Support staff that are not linked directly to students are also adjusted to control costs while maintaining safe and stable operations.

October 1, 2021, Enrollment Report Highlights³:

On October 1, 2021, the Hillsboro School District had 18,980 registered students. This is a decrease of 186 students from October 1, 2020, and represents a 0.97 percent decrease in student enrollment. Due to state guidance during the pandemic period, students were not dropped during the 2020-21 school year if they did not attend, unless records were requested from another district. Reporting for the 2021-22 school year has returned to prior practice.

A total of 548 students are transferring out of the District; 330 to virtual charter schools outside of the District, 15 to be homeschooled, 8 to private schools, and 58 to other school districts. There are 94 students transferring into the District.

Due to the pandemic, 272 less kindergarten students were registered compared to the average registration over the last three years.

Growth areas include: Hillsboro Online Academy has increased 672 students between 2019 and 2021 and residential development in South Hillsboro (Rosedale Elementary School) has increased from 349 in 2020 to 403 students enrolled in 2021.

The District is not unique with this enrollment experience. The Northwest Regional Education Service District's current enrollment dashboard shows Washington County enrollment trends declining in numbers across all districts from 2019-20 to 2021-22. Approximately 4,500 fewer students are enrolled across the eight districts in Washington County over the last two years. Preliminary data from the Oregon Department of Education shows that statewide Average Daily Membership (enrollment) is down approximately 22,000 from 2019-20 in the primary grades.

The decrease in COVID-19 cases due to vaccination and safety protocols has allowed the District to resume full operations by March, 2022. It is expected that student enrollment will rebound in 2022-23 to pre-pandemic levels and align with former trends of stability and slight decline due to slower birth rates (nation-wide).

³ As reported in the [School Board Packet, October 26, 2021](#)

THE BOARD OF DIRECTORS

Hillsboro School District is governed by a Board of Directors, comprising seven elected members serving four-year terms. Board members are community volunteers and do not receive compensation for their work. The Board has legal authority over all public schools in the Hillsboro School District, within the framework set by the Oregon Legislature and the State Board of Education. The Board acts to interpret the educational needs of the District, then meets those needs with policies and facilities that motivate students and stimulate the learning process. The Board is also responsible for employing the Superintendent to administer the District. Public meetings notices and documents can be found here: <https://www.hsd.k12.or.us/board>.

The ongoing duties of the Board include allocating resources, formulating policy, and interacting with the community in support of the District's mission and the objectives of the Strategic Plan. The Board members and their terms are as follows:

<p><u>Position 1</u> Erika Lopez July 2021 - June 2025</p> 	<p><u>Position 2</u> Mark Watson July 2021 - June 2025</p> 	<p><u>Position 3</u> Nancy Thomas July 2021 - June 2025</p> 	<p><u>Position 4</u> See Eun Kim July 2019 - June 2023</p>

SUPERINTENDENT'S CABINET

Superintendent Mike Scott was appointed by the Board to serve as the Chief Executive Officer of the District. The Superintendent is a professional educator employed to advise the Board on all matters concerning management of the schools, and to administer laws, regulations, and policies adopted by the Board.

As the leader for teaching and learning in Hillsboro School District, the Superintendent is responsible for guiding the development of the curriculum and educational programs that address the needs of students, and providing leadership and advocacy for education. The Superintendent is accountable for the fiscal management of the District, guiding the direction of employees, and ensuring their ongoing professional development.

Cabinet

Michelle Morrison – District Financial Officer
Dayle Spitzer – Assistant Superintendent for School Performance
Travis Reiman – Assistant Superintendent for Academic Services
Beth Graser – District Communications Officer
Francesca Sinapi – Equity, Access & Engagement Officer
Casey Waletich – District Operations Officer
Kona Lew-Williams – District Human Resources Officer
Jordan Beveridge – District Information & Technology Officer
Adam Stewart – Capital Projects Officer

The District Financial Officer oversees preparation, delivery, and monitoring of the district budget in accordance with Local Budget Law, district policy, and at the direction of the Superintendent. The full cabinet is actively involved in budget development to ensure program fidelity with resources and for planning student success.

THE DISTRICT AND THE COMMUNITY

Hillsboro School District, a unified school district, is the fourth largest of 197 districts in Oregon, enrolling approximately 3.5 percent of the total Kindergarten through 12th Grade student population. The District will serve approximately 18,307 students during 2022-23 and operates four high schools, four middle schools, twenty-six elementary schools, one alternative education school, one online academy, and one charter school.

Hillsboro is conveniently located 18 miles west of Portland (Oregon's largest metropolitan city), 60 miles east of the Oregon coast, and 80 miles from the ski slopes of the Cascade Mountains. Encompassing 195 square miles, Hillsboro School District serves families from the communities of Hillsboro, North Plains, Cornelius, Aloha, and a portion of Sherwood. District property is located in three separate counties: Washington, Multnomah, and Yamhill.

From high-tech companies to institutions of higher education, strong community partners provide extensive resources to the District through grants, volunteering, and donations. The City of Hillsboro is a key partner with Hillsboro School District, providing an abundance of parks, recreation, and after-school and summer programs for children.

Hillsboro's government takes pride in its business-like efficiency, concern for livability, and careful planning for residential and industrial growth. Professionally advanced police and fire departments provide comprehensive emergency response service to community residents. In addition, residents of all ages have access to parks, libraries, and community centers that provide recreational, educational, and social opportunities.

Hillsboro School District 1J was formed in July 1996 through the unification of a union high school district and its six feeder elementary school districts. This unification was accomplished under a plan developed and approved by each of the seven prior district governing bodies in response to a unification deadline mandated by Oregon State Statutes. The seven previously independent districts were Hillsboro Union High School District and the Farmington View, Groner, Hillsboro, North Plains, Reedville, and West Union Elementary School Districts.

The District, a fiscally independent entity, is organized with a seven-member elected Board of Directors and a Board-appointed budget committee. In 2021-22, management staff consisted of 1 superintendent, 2 assistant superintendents, 7 executive directors, 10 directors, 3 coordinators, 1 financial officer, 1 human resources officer, 1 capital projects officer, 1 communications officer, 1 operations officer, 1 information and technology officer, 1 equity, access, and engagement officer, 36 principals, and 20 assistant-principals. The Board of Directors approves the hires of all management staff members. The District also employs approximately 1,278 teachers and 1,398 support staff, including instructional assistants, secretaries, clerks, bus drivers, cooks, custodians, maintenance workers, and various other professional and technical staff.

The [District's Strategic Plan](#) articulates the District's mission, goals, and focus areas as it strives to increase the achievement of all students. The 2016-22¹ Plan has a laser-like focus on maximizing the student experience and ensuring that students leave the system prepared for success in post-secondary endeavors and civic life. Goals are identified annually to move toward all students graduating with career and college-readiness skills. Progress data is shared with the community annually in March. Program offerings include music, art, leadership, athletics, clubs, AVID, International Baccalaureate, STEM/STEAM, mentorships, internships, dual language, bilingual programs, special education and transition services, student transportation, nutrition services, dual credit, Advanced Placement, and much more.

The community voted in November 2017 to approve the sale of \$408 million in bonds for capital projects. These bonds are being issued in two separate sales in order to align the proceeds with the cash flow requirements of project expenditures as described in the ballot title. The 2017 Bond was defined as a "renewal" levy that replaced expiring debt service items without increasing the tax rate per thousand of assessed value to local constituents. Additional facilities included a replacement of Brookwood Elementary School (2020), and Atfalati Ridge Elementary School (2021) in North Plains, and an elementary school in south Hillsboro (ES29, 2023) to accommodate growth due to new residential development.

¹ The operational period of the Strategic Plan has been extended to 2022 to align with the renewal of the District's Continuous Improvement Plan (CIP). <https://www.hsd.k12.or.us/Page/189>

DISTRICT STRATEGIC PLAN

The Strategic Plan is intended to provide direction and purpose to all aspects of District and school activities. The plan is intentionally flexible in structure with a central objective, consistent areas of accountability, and annually-developed action plans and goals to directly address areas where growth needs to be made and where successes can be capitalized upon for the year ahead.

The plan has three main components:

1) The overarching plan, which provides a broad overview and remains consistent over the five-year term; 2) the annual Report of Student Achievement (Key Academic Achievement Indicators); and 3) the Annual Work Plan and SMART Goals. Taken together, these documents should provide a comprehensive snapshot of the District's mission, strategic objective, beliefs, key initiatives, student achievement progress, and implementation plans and goals at any given time.

In the 2016-2022² Strategic Plan, you will find the following:

- | | |
|-------------------------------------|--|
| • <i>Mission Statement</i> | <i>An actionable, concise statement of our purpose as an educational system.</i> |
| • <i>Strategic Objective</i> | <i>The end goal and results we want to achieve.</i> |
| • <i>Our Pride</i> | <i>A memorable tagline that indicates our collective pride.</i> |
| • <i>Agreements and Commitments</i> | <i>Our goals and values as a system.</i> |
| • <i>Focal Areas</i> | <i>A division of our work based on the relevance and impact to students and their educational experience and outcomes.</i> |

Mission Statement and Priorities

In the spring of 2016, Hillsboro community schools, District staff, and the Board of Directors revised their five-year Strategic Plan, which is the District's blueprint for educational excellence. The Strategic Plan focuses on students' equitable experiences and outcomes, and includes five strategy areas:

² The operational period of the Strategic Financial Plan has been extended to 2022 to align with the renewal of the District's Continuous Improvement Plan.

- Instruction
 - High-quality curricular, co-curricular and extracurricular offerings
 - Highly qualified staff
- Learning Environments
 - Equitable, safe, and inclusive
 - Engaging and relevant
 - Clear pathways and multiple opportunities
- Leadership for Learning
 - Continuous improvement
 - Data-driven decision-making
- Organization
 - Fiscal responsibility, long-range planning
 - Effective communication and community involvement
 - Human resources management

The Strategic Financial Plan and Smarter School Spending

The Hillsboro School District joined the Alliance for Excellence in School Budgeting in 2017. The alliance consists of school districts across the nation participating in a budget development process called Smarter School Spending (S3), which was founded on best practices and is endorsed by the Government Finance Officers Association. Each district undergoes a thorough assessment to determine readiness for transition to the Smarter School Spending budget development process.

One of the critical components of the process is developing a Strategic Financial Plan that identifies the resources required to remain focused on investments that increase student achievement. Fortunately, in Hillsboro there is already a stakeholder-driven 6-year Strategic Plan in place and it is possible to identify the resources that support it. The five phases of budget development are listed in the table below, as are the district activities under way to move this work forward.

Aligning Resources with Strategic Plan Goals

During the 2019 Legislative Session, state leaders authorized a new Corporate Activity Tax with revenues targeted to K-12 education, the Student Success Act. This unprecedented investment is estimated to yield \$2.0 billion every biennia to fund the Student Investment Act, Statewide Education Initiatives (including full funding of Measure 98 High School Success) and Early Learning. In Hillsboro, for the 2022-23 school year, the yield is expected to be \$16.3 million dollars.

In 2020-21, \$4.6 million was used to continue eligible services that would have been eliminated due to a general fund budget shortfall. Those items rolled forward in 2021-22, plus an additional \$3.9 million towards licensed staff to maintain lower-than-standard class sizes. The remaining amount of \$5.5 million is appropriated towards expenditures eligible under the Student Investment Account program in alignment with stakeholder feedback and student needs.

In order to access the Student Investment Account (SIA) funds, District staff engaged in a thorough stakeholder engagement process, specifically designed to gain insight on how to better serve traditionally underserved students and families. Initially, staff aligned the investments with the state-required Continuous Improvement Plan (CIP), a set of goals and strategic activities to meet those goals, and measurable outcomes. After many feedback sessions and iterations, the application for funds includes items under each of the 4 areas allowed under the grant, including a cumulative total of \$8.5 million in services that would otherwise be targeted for reduction due to underfunding of the operational budget. Areas and activities are outlined in the table below.

Other Smarter School Spending Strategies

Cost Analysis Action Plan- Implementation and Evaluation

The goal of the Cost Saving Analysis completed in 2018 was to help the District team identify potential opportunities to reallocate resources to address the District's strategic priorities. The formalized assessment of 31 potential opportunity areas encouraged the Smarter School Spending Team to consider changes that at first glance may not seem to have high potential, but are worthy of further investigation.

There are two main types of resource reallocation opportunities targeted in the Cost Savings Analysis:

1. Can the District free up funds for its strategic priorities?
2. Can the District increase the impact of current spending at little or no additional cost, thereby reducing the need to free up funds for priorities?
3. Some opportunities are a combination of both.

As part of the Continuous Improvement Process, District staff may conduct the analysis again in 2022-23 in alignment with the development of the 2022-2026 Strategic Plan.

Review of Services for Struggling Learners

The District engaged in a thorough technical review of Services for Struggling Learners in February and March 2019 with [District Management Group](#) (DMGroup). After gathering data through interviews and other collections, DMGroup developed a list of recommendations for District staff to use for a custom action plan to ensure resources for struggling learners are in alignment with best practices. See below for review highlights.

Commendations:

1. The district is committed to improving the quality of education for all students.
2. The district has made efforts to develop systems that will support students' social, emotional and behavioral needs by creating wellness centers and hiring student success coaches.
3. The district has instituted common interim assessments for elementary schools.
4. The district has expanded supports for English Language Learners (EL) students.
5. The district developed a system for more closely monitoring the use and hiring of regular and special education assistants.
6. District leaders are open to making bold, significant changes to better support all students.

Recommendations:

1. Ensure that general education teachers are well equipped to meet the needs of nearly all students, including students who struggle.
2. Create a model intervention plan for both elementary and secondary schools that schools can opt into and receive additional supports for.
3. Ensure sufficient mental health expertise at each school by revisiting current staffing levels and proactively pursuing community partnerships.
4. Refine and streamline the district's approach to providing supports to EL students by codifying implementation practices at all levels.
5. Encourage special education staff to align their strengths whenever possible to improve work satisfaction and student outcomes.
6. Develop an inclusive planning process that identifies concrete steps, ownership, and measures of success with disciplined, monitored implementation over a 5-year period³.

³ Extended to 5 years from the original 3 year period due to COVID 19 pandemic delays in implementation.

Academic Return on Investment⁴

Academic return on investment (A-ROI) is the practice of scientifically evaluating the cost-effectiveness of academic programs and using that information to allocate resources accordingly. Put more simply, A-ROI is a structured approach to getting the highest value in terms of student achievement and has six conceptual foundations:

1. Reconsider your knowledge of what really works.
2. Define the problem before seeking its solution.
3. Follow the scientific method.
4. Seek out the greatest net benefit.
5. Ignore costs that have already been incurred and cannot be recovered.
6. Pay attention to opportunity costs.

Practitioners, including school district leaders and professional education researchers, have learned a great deal about how to be successful with A-ROI. This paper divides their lessons into six categories that represent the stages of progression through A-ROI, as shown in the diagram to the right.

The Smarter School Spending (S3) Team identified 4 areas of study for A-ROI and accompanying “Theories of Action” that apply the logic, “if we do (this), then we should expect (these outcomes).” Each area has an assigned S3 Team subgroup and lead contact that identified data points to be tracked longitudinally to determine the effectiveness of the initiative at the district level.

Although the A-ROI analysis was interrupted by the pandemic which required drastic and new methods of engaging students, the methodology will be applied again to the four study areas listed below:

- Area 1 – Student Success Coaches
- Area 2 – Grad Coaches
- Area 3 – HSD Preschools
- Area 4 – Wellness Centers

Leadership Approach to Program Changes

New programs provide an opportunity to use the District's resources to achieve the District's student learning goals in new and exciting ways. Some programs new to the District have already been successfully implemented in other districts and have data to support their viability. Other programs are ones that the District has developed using research and best practices and is spearheading to lead positive change. In many cases, evidence may not be immediately available, as quality programs take time to implement with fidelity and to produce sustainable results.

Analysis of Expected Costs and Benefits:

The proposal for a new program will be accompanied by a thorough analysis of its expected costs and benefits. Staff shall develop methods to test the strength of the assumptions upon which these expected costs and benefits are based. The proposal for the new program should also clearly identify the goals and criteria that will be used to evaluate the program's effectiveness.

Preference for Pilot Programs

Whenever possible, new programs will initially be tested on a "pilot" basis. The length of the pilot or experimental period can and will vary according to the nature of the program, but there should be a clearly defined beginning and ending point. This strategy is intended to mitigate the risk associated with new programs and maximize the benefit they generate in alignment with the District's Strategic Plan and Strategic Financial Plan.

Funding for the pilot program is exclusively for the timeframe of the pilot period. After the pilot period ends, the District formally assesses the effectiveness of the program against its stated goals and then makes a formal decision on whether to: 1) Discontinue the program; 2) Continue the pilot or expand its scope for purpose of further study; or 3) Move beyond the pilot to full implementation.

Preference for Measuring Academic Return on Investment

Academic Return on Investment (A-ROI) measures the cost of the program against the benefit the program provides in terms of improvements to student learning, in alignment with the District's Strategic Plan and Strategic Financial Plan. Whenever possible, and especially for large new programs, staff shall develop the means to collect the data necessary to calculate A-ROI for that program.

BUDGET PRESENTATION

Hillsboro School District is proud to publish and provide budget information to the Budget Committee and our community. The District's goal is to present the budget data in a manner that provides a clear, accurate account of the District's educational programs and services for the 2022-23 fiscal year. The information contained in this budget document has been developed, in part, from a combination of District staff and community feedback.

The District annually prepares a budget to control the fiscal operations for one year. Oregon Local Budget Law (ORS 294.305 to 294.565) requires the appointment of a budget committee to review and approve the budget. The budget committee consists of the seven members of the Board of Directors, and seven electors of the District who are appointed by the Board of Directors. The administration proposes a budget to the budget committee, and the budget committee may modify or approve the proposed budget.

Local Budget Law in Oregon requires the District to complete a formal process each fiscal year to set spending limit and levy taxes for District residents. This process begins with a proposed budget prepared by the Budget Officer. Notice of a Budget Committee Meeting is published and the budget document is made available at or before this meeting. The budget committee then conducts at least one public meeting for questions or comments and will continue to meet as needed until the budget and all revisions are approved. Notice of the Public Hearing, along with a summary of the approved budget is published and the governing body conducts a public hearing. Upon completion of public comment and deliberations, the District adopts the budget, enacts resolutions by June 30, and certifies the District's tax to the county assessor by July 15.

Budget changes in expenditures of less than 10.0 percent of appropriation categories (instruction, support services, enterprise and community services, facilities acquisition and construction, debt service, contingency, and transfers) are implemented by a Resolution passed by the School Board. Budget changes in expenditures of more than 10.0 percent of appropriation categories require a supplemental budget adoption. Exceptions to this would be transfers between appropriation categories and up to 15.0 percent of funds budgeted as contingency. The School Board receives reports on cash flow and budget monitoring monthly, as prepared by the Financial Officer.

We welcome the opportunity to discuss any financial information or to answer questions regarding the data presented in this report. Current information regarding budget development is available by request or on the internet at <https://www.hsd.k12.or.us/Page/2060>.

General Fund – The General Fund is the District's primary operating fund and accounts for all revenues and expenditures except those required to be accounted for in another fund. The General Fund end balance will remain at a 4.0 percent target.

Expenditure categories include salaries and associated payroll costs, purchased services, supplies and materials, capital outlay and other general expenses. Expenditures are presented by major function categories which contain program descriptions and budgeted positions. In addition, explanations are available for significant variances which exist between the 2021-22 and 2022-23 budgets.

Revenue comes from two main sources: state funding and local property taxes. The state revenue and local property taxes are components of the State School Fund (SSF), which make up 89.6 percent of all General Fund revenue. The SSF is allocated through a school equalization formula that includes initial weighting for the number of students and extra weightings for specific types of students: Special Education, English Language Learners, poverty, foster care and pregnant and parenting. The calculation consists of three grants including: general purpose, transportation, and high cost disability grants.

Special Revenue Funds – Special Revenue Funds are used to account for proceeds of specific revenues from federal, state, and local sources that are legally restricted to expenditures for specified purposes.

The Major Grant Funds are described below and there is a full list of Special Revenue Funds in the Budget Summary Section.

- Title I - Improving Basic Programs Operated by Local Education Agencies
- Title IIA - Supporting Effective Instruction
- IDEIA - Individuals with Disabilities Education Improvement Act
- Measure 98 - High School Success
- Student Investment Account
- Federal Funds for COVID-19 Relief (ESSER I, ESSER II, ESSER III/ARPA)
- Nutrition Services
- Other Special Revenue Funds (Student Body Accounts, local/private grants, etc.)

Debt Service Fund – Accounts for the District's payment of principal and interest on long-term obligations, including General Obligation (GO) bonds, Limited Tax Pension Obligations and Full Faith and Credit Obligations (FFCO). With Voter approval, GO bonds allow the District to finance capital projects such as the construction of new schools, rebuilding schools and purchasing equipment. Limited Tax Pension Obligation bonds were issued to finance the District's unfunded actuarial liability in the Oregon Public Employees Retirement System in 2005 and 2015. Principal revenue sources are property taxes, construction excise tax, and charges to other funds.

Capital Projects Fund – Accounts for activities related to the acquisition, construction, and improvement of District facilities and equipment. The Capital Construction Fund consists of funds used to complete projects associated with the 2017 bond issue to reaching the goal of an "equitable learning environment" for all students in all schools.

Internal Service Fund – A fund that primarily provides benefits, goods, or services to other funds.

Accounting Policies – Governmental funds are used to account for the District’s general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they are “measurable” and “available.” “Measurable” means the amount of the transaction can be determined; “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Expenditures are recorded when the liability is incurred, except for unmatured interest on general long-term debt, which is recognized when due. Interfund transactions and certain compensated absences, claims, and judgments, are recognized as expenditures because they will be liquidated with expendable financial resources.

The accrual and modified accrual basis of accounting, as utilized by Hillsboro School District 1J, are in accordance with Generally Accepted Accounting Principles.

STATE FUNDING OF K-12 EDUCATION

During the 1990s, Oregon voters approved a property tax limitation that shifted major responsibility for funding K-12 programs from local property taxes to Oregon’s General Fund. The voter-approved measures required the Oregon Legislature to replace these property taxes. As property taxes were reduced, the reliance on the State General Fund increased.

The State School Fund (SSF) allocates funding for each attending student in Oregon through a weighted distribution system. A ten year historical review of the SSF dollars per ADMr (Average Daily Membership) as shown in the chart below.

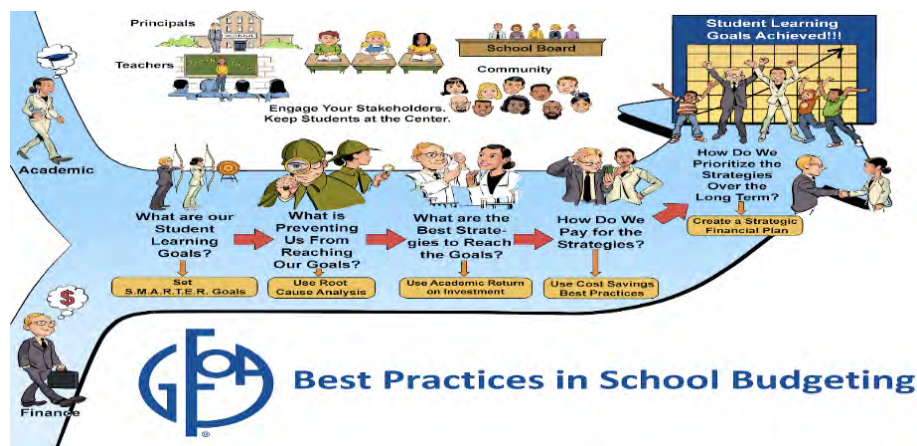

Without a state sales tax, Oregon's primary revenue sources are the state income tax and lottery revenues. Therefore, funding levels for K-12 education statewide are significantly affected by fluctuations in the economic climate. In addition, prior to 2007, Oregon's Kicker Law required the state to return any income tax collections in excess of two percent of projections to tax payers. The Rainy Day Fund established by ORS 293.144 in 2017 represented an attempt to stabilize state funding.

The unprecedented economic recession, which began during the second half of 2008, necessitated reductions of nearly \$78.5 million to Hillsboro School District's General Fund current service level budgets. The reductions have included reduced staffing, lost school days, and reduced budgets at every level. With a slow and stable recovery, the District has been very deliberate with targeted investments and fair bargaining to maintain competitive compensation packages for staff within locally bargained agreements and state and federal regulations.

Paying for Priorities and the Budget Cycle

- July – Implementation of budget (including changes)
- October/November – Multi-year Program Analysis (A-ROI)
- November – update enrollment and Current Service Level (CSL) projections
- January – Determine program changes to align resources with priorities (sunset, modify, pilot, expand). Budget development cycle begins, monthly Budget Committee
- March – ODE Estimates Released (prior year reconciliation, current year update, upcoming year projections)
- April to June – Propose/Approve/Adopt Budget

BUDGET PROCESS AND TIMELINE

The District prepares its annual budget in accordance with Oregon Budget Law (ORS 294), which provides standard procedures for the preparation, presentation and administration of budgets. Public involvement in budget preparation is mandated by the law. Oregon Local Budget Law also requires that the budget be balanced, meaning projected resources must equal projected requirements in each fund. Additionally, the district will meet the additional community engagement and accountability requirements under the major grants of High School Success, the Student Investment Account, and the American Rescue Plan.

The Hillsboro School District's Budget Committee comprises all seven Board members and an equal number of community members who are appointed by the Board. Staff members are not eligible to serve on the Budget Committee.

The Budget Committee members are appointed for three-year terms. The terms are staggered so that, as near as practicable, one-third of the appointive members' terms end each year.

According to Board policy DBEA: Budget Committee, "The budget committee shall hold one or more meetings to receive the budget message, receive the budget document, and provide members of the public with an opportunity to ask questions about and comment on the budget document." Those official meetings occur annually each spring.

FINANCIAL OVERVIEW

The Financial Section contains detailed information on Hillsboro School District revenues and expenditures in the 2022-23 budget. The initial part of this section is a summary for all funds. The remaining portion of this section includes more detail with narratives and financial reports for revenues and expenditures by fund.

Classification Structure

The primary elements used to classify revenues and expenditures are fund, function and object. Funds represent the highest level of the classification structure. Functions are group-related activities aimed at accomplishing a major service. The seven major categories are Instruction, Support Services, Enterprise & Community Services, Facilities Acquisition & Construction, Long-Term Debt Service, Transfers and Contingency (Other Uses of Funds). Under Oregon Budget Law, budgets are appropriated (adopted) at these levels. Objects are used to describe the type of good or service and are broken down into eight categories: Salaries, Associated Payroll Costs, Purchased Services, Supplies & Materials, Capital Outlay, Other Expenses, Transfers and Contingency.

Assumptions:

General Fund: Includes projected growth (at \$9.3B Current Service Level State School Fund).

Special Revenue Fund: ESSER Funds exhausted after FY 2022-23, creates a significant drop. SIA and HSS projected steady at full funding for 2022-23 and beyond.

Debt Service Fund: Estimated to grow by historical 1.33 percent annually per debt service schedule and tax collection rates.

Construction Fund: Steady spending down of bond proceeds according to project plan.

FUND BALANCES

Oregon Budget Law requires a balanced budget where total resources equal total expenditures, therefore no ending fund balance is budgeted in 2021-22 or 2022-23. The ending fund balances by fund are listed in the following table for the last three years.

Significant changes that can be noted below are:

The General Fund adopted budget for the fiscal year ended June 30, 2021, did not have any appropriation changes. During the year, expenditures were \$12,899,113 less than budgeted.

Major factors for General Fund Balance included stability of the State School Fund during economic uncertainty, savings during Comprehensive Distance and Hybrid Learning models, and accessibility to federal and state resources for services. The expenditure analysis for the year indicates both prudent operational management and leveraging federal support via other agencies.

- Prudent operational management strategies include but are not limited to 1) engaging in the workshare and reassignment of staff that did not have work available during Comprehensive Distance Learning, and 2) contract negotiations as needed to protect the District from losses.
- Management leveraged federal and emergency supports by providing childcare to essential workers, internet access to students, staff, and families, accessing FEMA when applicable, and utilizing the USDA nutrition program in concert with student transportation efforts to deliver meals to homes of students.
- Major areas of savings included substitutes, temporary staffing, fuel, utilities, and supplies.
- Investments in protective protocols (HVAC, PPE, training), digital curriculum and communication platforms expand the District's experience in diverse methods of both teaching and learning to inform future practices.

As of June 30, 2021, the Assigned and Unassigned fund balance increased by \$9.2 million during the current fiscal year for a total fund balance of \$21.2 million. The Unassigned balance of \$8.9 million represents 4.1 percent of the total General Fund Expenditures which is a target of the Budget Committee. The Assigned portions represent insurance pool balances for Hillsboro Education Association members and Hillsboro Classified United members, discretionary budget carryover for schools, and future expenses. The "Future Expenses" total of \$8.5 million is identified as an inter-fund transfer to the Internal Service Fund, to be appropriated at a future budget development cycle.

Due to the material difference and anomalous spending patterns, the 2020-21 fiscal year will be largely omitted for future budget modeling and projections.

The Special Revenue Fund Balance grew due to the influx of state and federal program resources and implementation of the free meal program district-wide.

The Debt Service Fund remains stable with a slight increase due to assessed property values growing more quickly than anticipated based on historical growth trends.

The Capital Project Fund balance continues to decline as resources are utilized towards items authorized under the ballot title and according to timelines determined by bond program administrators.

GENERAL FUND REVENUES

The General Fund is used to account for all transactions related to the District's operations, except those required to be accounted for in other funds. Major revenue sources include local property taxes and the State School Fund.

General Fund expenditures encompass the day-to-day operations of the District, except for those expenditures related to programs funded by federal, state, and local sources for designated purposes, payment of bonded debt, capital facility acquisition and construction, food service, internal services, and trust/agency.

General Fund expenditures are subject to appropriation. Year-end unreserved fund balances are carried forward to the following year as Beginning Fund Balances.

Current Year's Taxes

The current tax levy is one of the main sources of revenue for funding the operation of the Hillsboro School District. It is based on the assessed valuation of all taxable property within the District. It is collected by the County Treasurer and includes current taxes, prior year taxes, and any penalties or interest paid.

The tax amount remains stable due to property tax limitation Ballot Measures 5, 47, and 50. The current rate is \$4.9749 per \$1,000 of assessed value to support the General Fund.

ESD Pass-Through Dollars

The Northwest Regional Education Service District (NWRES D) provides a menu of services for districts to purchase using service credits. Revenue from the state flows through the NWRES D to the individual districts as either service credits to be used for support in special education, curriculum planning, or professional development, or as cash (up to 90 percent).

State Sources

State sources make up approximately 57.0 percent of all revenue received in the General Fund. The State School Fund, Common School Fund, state timber taxes, and transportation reimbursement comprise state sources. The Oregon Department of Education is required to provide districts with estimates of State School Support in March of each year. The current estimate is based on a \$9.6 billion K-12 allocation for the 2021-23 biennium.

2022-23 General Fund Revenue

BEGINNING FUND BALANCE AND FINANCIAL STABILITY

With the uncertainty in state funding, an important element in maintaining sustainability from one year to another is the Beginning Fund balance. The Beginning Fund balance is used to maintain a positive cash flow until tax revenues are received in November, and to smooth out unexpected shortages of revenues.

The District is targeting a Fund Balance of 4.0 percent for 2022-23. The budget includes \$21,194,031 as the Beginning Fund balance, which is an increase of \$11.7 million from the 2021-22 adopted budget beginning fund balance. The Unassigned balance of \$8.9 million represents 4.1 percent of the total General Fund Expenditures which is a target of the Budget Committee. The Assigned portions represent insurance pool balances for Hillsboro Education Association members and Hillsboro Classified United members, discretionary budget carryover for schools, and future expenses. The “Future Expenses” total of \$8.5 million is identified as an inter-fund transfer to the Internal Service Fund, to be appropriated during a future budget development cycle.

Notable Changes between budget years:

- Object 1980 Fees Charged to Grants – the indirect rate of 3.75 percent will be charged to major grant programs to cover operational overhead incurred for program activities.
- Object 3101 State School Fund – the amount is based on \$9.3 billion state school fund allocations by the legislative session for the 2021-23. Revenue is based on a per-student formula and changes with number and types of students.
- Object 5400 Fund Balance has been increased by use of non-general funds in 2021-22 for eligible operating expenditures. The Fund Balance includes both Assigned and Unassigned items. The transfer of \$8.5 million to the Internal Service Fund provides stability for future requirements.

GENERAL FUND EXPENDITURES

Each year, the Oregon Department of Education (ODE) calculates the spending per student for the General Fund, based on actual data compiled from District audits reported to ODE.

At the end of the 2020-21 fiscal year, the average operational cost of educating a student in the Hillsboro School District was \$11,454. This figure is determined by dividing total General Fund expenditures for 2020-21, \$218,981,901, by our total Average Daily Membership (ADM) of 19,119 ($\$218,981,901 / 19,119 = \$11,454$). The breakdown of the \$11,454 is as follows:

Instruction (\$5,588 per student). Staffing, materials, and supplies for classroom instruction, alternative education, ESL, Youth Corrections program, summer school, and Talented and Gifted (TAG) program.

Special Education (\$1,906 per student). This staffing, materials and supplies for students with disabilities in less restrictive programs, and students with disabilities in restrictive programs is in addition to the general "Instruction" amount per student.

Student Services (\$356 per student). Staffing and office supplies for attendance, guidance, health services, media services, assessment, testing, and instructional staff development.

Central Services (\$479 per student). Expenditures related to the Board of Directors, Superintendent, Business Office, Print Shop, and Human Resources.

School Administration (\$992 per student). Principals, assistant principals, teachers on special assignment (TOSAs), supplies, materials, purchased administrative services, and support at each campus.

Facilities (\$997 per student). Personnel and supplies for custodial and maintenance services, plus major maintenance projects district wide.

Transportation (\$618 per student). Transportation costs for home-to-school, special education, and athletic/activity events. 70.0 percent of eligible transportation costs are reimbursed by the state.

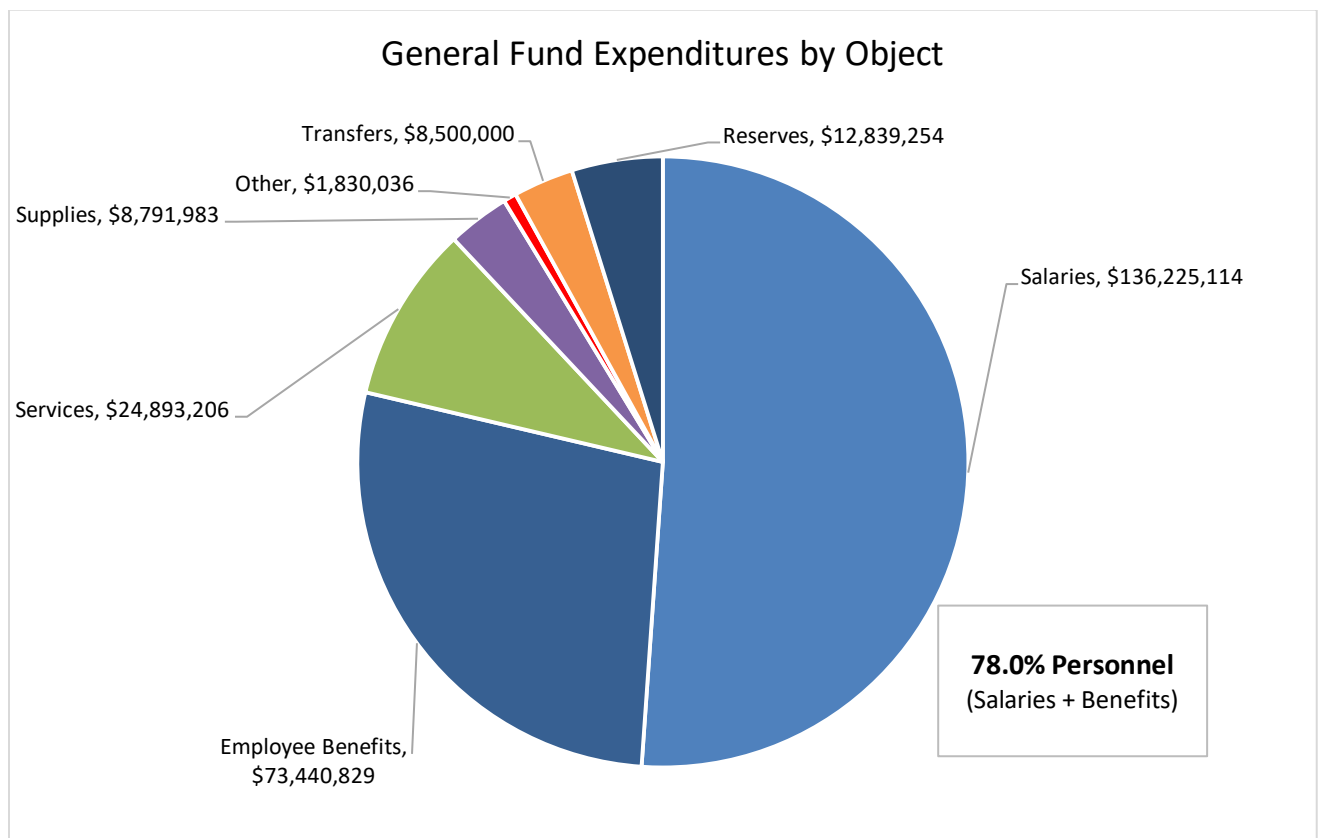

Technology (\$493 per student). Staffing and new technology for classroom instruction.

Community Service (\$25 per student). Personnel and supplies used to perform a variety of community services, primarily the Office of Hispanic Outreach.

No expenditure can be made in the year in which it is budgeted. It is reserved for use in the subsequent year.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for proceeds of specific revenues from federal, state, and local sources that are legally restricted to expenditures for specified purposes. The Major Grant Funds are described below.

Title IA – Improving Basic Programs Operated by Local Education Agencies

Title IA is intended to help ensure that all children have the opportunity to obtain a high-quality education and reach proficiency on challenging state academic standards and assessments. Title I-A provides flexible funding that may be used to provide additional instructional staff, professional development, extended-time programs, and other strategies for raising student achievement in high-poverty schools. The program focuses on promoting school wide reform in high-poverty schools and ensuring students' access to evidence-based instructional strategies and challenging academic content.

Title IIA – Supporting Effective Instruction

The purpose of Title II-A is to improve teacher and leader quality and focuses on preparing, training, and recruiting high-quality teachers and principals. The Title II-A program is designed, among other things to provide students from low-income families and minority students with greater access to effective educators. In general, Title II funds can be used to provide supplemental strategies and activities that strengthen the quality and effectiveness of teachers, principals, and other school leaders.

IDEIA – Individuals with Disabilities Education Improvement Act

IDEIA is the Individuals with Disabilities Education Improvement Act. It was passed in 1975 and it describes categories of disabilities that make students likely to get special education and services related to their specific needs.

Measure 98 – High School Success

High School Success is a fund initiated by ballot Measure 98 in November 2016. The spirit of the measure was to provide funding to establish or expand programs in three specific areas: Dropout Prevention, Career & Technical Education, and College Level Education Opportunities. The intent of High School Success is to improve student progress toward graduation beginning with grade 9, increase the graduation rates of high schools, and improve high school graduates' readiness for college and career. The Student Success Act passed by the 2019 legislature provides for "full funding" of High School Success. The

additional funds will be used for eligible services and provide partial funding for the Pathways Center, an expansion of the Oak Street campus.

Student Investment Account

The Student Investment Account is a fund initiated by HB 3427 established in 2019 and funded by the Corporate Activity Tax. The Student Investment Account is established within the Fund for Student Success and consists of moneys transferred to the account from the Fund for Student Success.

The two stated purposes for the funds distributed under the Student Investment Account are to (1) meet students' mental or behavioral health needs, and (2) increase academic achievement for students, including reducing academic disparities for economically disadvantaged students; students from racial or ethnic groups that have historically experienced academic disparities; students with disabilities; students who are English language learners; students who are foster children; students who are homeless; and any other student groups that have historically experienced academic disparities, as determined by the State Board of Education.

In order to satisfy the purpose of the Student Investment Account, funds can be allocated between expanding instructional time, student health and safety, reducing class size and caseloads, and providing a well-rounded education. The District engages with the community, student families and school employees to identify the District's need and investments.

Federal Funds for COVID-19 Relief

To date, there have been three major rounds of federal funding to relieve the economic, technology, health and safety, and learning losses in K-12 education. The Coronavirus Aid, Relief, and Economic Security Act (CARES, 3/27/20) was made available to the district as two non-completive grants: one for general response efforts (ESSER I), and the second to support comprehensive distance learning (GEER/CDL), for a total of \$2.9 million. The Consolidated Appropriations Act / Coronavirus Response and Relief Supplemental Appropriations Act (CAA/CRRSAA, 12/27/20) is a spending and COVID-relief package, bringing \$11.1 million to HSD in the 2021-23 biennium. Although the administrative rules have not been clearly identified for districts, The American Rescue Plan Act of 2021 is estimated to yield \$1.2 billion to Oregon's K-12 schools and expires September 30, 2024.

These resources will be allocated in a tiered, multi-year spending plan and adjusted as needed to best meet the needs of students for the longest period of time and highest impact:

- Accelerate learning for students assessed below grade level,
- Extended day academic and engagement opportunities,
- Neighborhood school model (building capacity), and
- Technology, PPE and Equipment.

Nutrition Services

Hillsboro School District's Nutrition Services department provides a supportive role in the education environment by offering nutritionally complete breakfast, lunch, and snacks to district students at a reasonable cost.

Nutrition Services operates federally, state and locally funded meal programs that provide breakfast, lunch, various after-school snacks, and summer feeding programs; several in cooperation with Hillsboro Parks and Recreation and area organizations. During the regular school year, Nutrition Services provides meals to five high schools, four middle schools, twenty-five elementary schools, one K-8 school, and five Head Start programs. During summer recess, multiple meal serving sites and summer learning programs serve free meals in areas of need within our community.

Outside of worldwide pandemics, the Nutrition Services department is self-supporting. Nutrition Services pays wages and benefits for approximately 120 employees. This includes school-based, warehouse, office, and District maintenance staff. Salary and benefits historically represent approximately 50.0 percent of the department's expenditures.

Food, paper, and chemical supplies average 44.0 percent of Nutrition Services' expenditures. The department funds provide for repair and/or replacement of capital kitchen equipment as well as other professional service needs, approximately 5.0 percent of expenditures.

Nutrition Services operates a warehouse and food distribution program that transports food, government commodities, and supplies to all District schools. The department maintains and operates five transport trucks and three vehicles.

Liberty High School's kitchen staff provide catering services and a bakery function that supports all schools within our District.

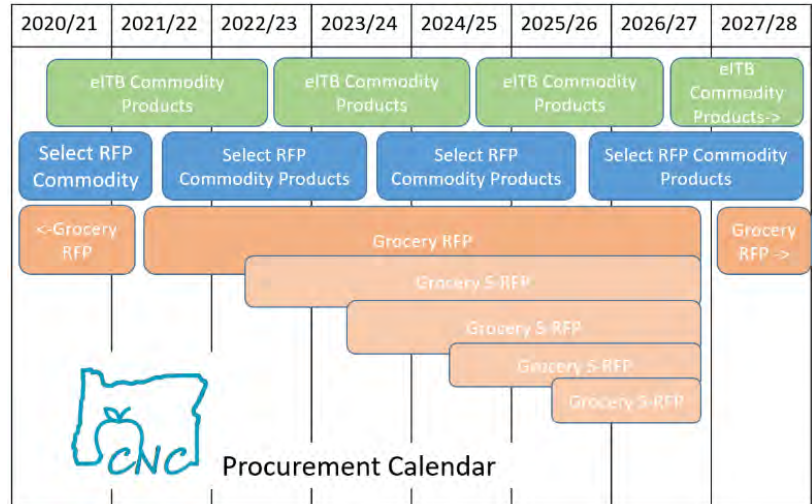

Beginning in the 2020-21 school year the State of Oregon has enacted legislative expansion of the free meal eligibility in schools. Increasing the household income limit as well as supplementing revenues for the Community Eligibility Provision, thus promoting expansion of use, are new provisions intended to decrease food instability in households throughout Oregon. During the 2019-20 school year, HSD's percentage of free-and-reduced-price-eligible students totaled 46 percent or 9,043 students. Due to the pandemic, current data is not reliable and indicates a percentage of only 38.0 percent. Federal actions have allowed all students to continue receiving meals at no cost during the 2021-22 school year.

While total meals served thus far in 2021-22 are up 6.6 percent, we can see an average of 60.0 percent increase in lunches (unique student participation) participating versus last school year participation to-date.

An internet payment system for school meals is offered Districtwide, allowing parents to view student account activity and make electronic payments through the service. Payment is not required to view account activity.

HSD's Nutrition Services also co-directs a statewide purchasing cooperative made up of 75 Oregon school districts. The **Oregon Child Nutrition Coalition** (OCNC) combines their purchasing needs to leverage higher volume pricing with manufacturers and suppliers. The current management contract to HSD is annually renewed, the next three (3) years.

DEBT SERVICE FUND

The Debt Service Fund is designated for repayment of long or short-term debt from the sale of bonds used to finance capital construction.

The primary revenue source is property taxes that fall outside the limits set for operation. The tax levy for debt service is determined by dividing the bonded debt by the assessed value of the District.

The voters passed a construction levy in November 2006. Since that time, the Board has approved three bond refinancing options and authorized the sale of Pension Obligation Bonds in order to minimize interest expenses and the pending unfunded actuarial liability cost of the Districts retirement obligation.

The community voted again in November 2017 to approve the sale of \$408 million in bonds for capital projects. These bonds are being issued in two separate sales in order to align the proceeds with the cash flow requirements of project expenditures as described in the ballot title.

The 2017 Bond was defined as a “renewal” levy that replaced expiring debt service items without increasing the tax rate per thousand of assessed value to local constituents. This section of the budget document identifies both revenue and expenditures for debt service only. Bond project expenditures will be included in the Capital Construction section of the document.

The District collects tax revenues for all outstanding bond issues. The total outstanding principal as of July 1, 2022, is \$431,340,000 in bonded capital project debt, and \$87,865,000 for PERS Pension Obligation Bonds. The debt limit for Hillsboro School District is based on an assessed value of \$17.5 billion. The debt ratio as of June 30, 2021, was 4.69 percent.

ORS 328.245 establishes a parameter of bonded indebtedness for school districts. Aggregates governed by real market value of all taxable properties within the District are based on the following: 1) for each grade from kindergarten to Eighth for which the District operates schools, fifty-five one-hundredths of one percent (0.0055) of the real market value. 2) for each grade from Ninth to Twelfth for which the District operates schools, seventy-five one-hundredths of one percent (0.0075) of the real market value.

The legal debt margin for Fiscal Year 2021 is:

Real Market Value	\$43,783,494,055
Debt Limit (7.95% of RMV)	\$3,480,787,777
Debt Applicable to Limit	\$450,705,000
Legal Debt Margin	\$3,030,082,777
Debt as a Percentage of Debt Limit	12.95%

CAPITAL CONSTRUCTION FUND

The Capital Construction Fund consists of funds used to complete projects associated with the 2017 bond issue. The 2017 Bond Program will assist the District in reaching the goal of an “equitable learning environment” for all students in all schools. While understanding that each school presents physical challenges due to its age and design, bond projects will inspire students to achieve their educational goals, while continuing to provide excellent stewardship of District resources. Achieving an equitable learning environment will be accomplished by ensuring that classrooms are comfortable and safe places for students and staff; by providing flexibility and allowing for implementation of technology and innovation; and ensuring that students are prepared for life after school, whether that is higher education or career.

The bond will accomplish these goals by focusing on the priorities identified during the bond campaign:

Prioritize Safety and Security

Installing seismic upgrades at Peter Boscow building

- Ensure that all district campuses are equipped with modern safety and security systems
- Provide improved parent/bus/pedestrian traffic flow at all district campuses
- Upgrade all buildings to current seismic code
- Install cameras and GPS systems on District school buses

Renovate and Repair Aging Schools

Remodeled media center at HilHi

- Upgrade HVAC systems and add air conditioning to all school buildings
- Replace failing water pipes
- Replace/repair roofs
- Remodel Reedville Elementary School
- Remodel Hillsboro High School
- Construct lighted synthetic turf fields at Glencoe, Hillsboro and Century High Schools
- Construct track at Hillsboro High School
- Replace portable buildings in the poorest condition with permanent modular structures
- Other improvements as identified during construction at all school sites

Relieve Crowded Classrooms and Plan for Growth

Aerial view of new Atfalati Ridge Elementary School campus

- Construct new 600-student elementary school to replace Brookwood Elementary School
- Construct new 600-student elementary school in North Plains
- Construct new 600-student elementary school in South Hillsboro
- Build new gymnasiums at elementary schools to replace existing gym-a-cafeteriums

Provide a Modern Education for Every Student

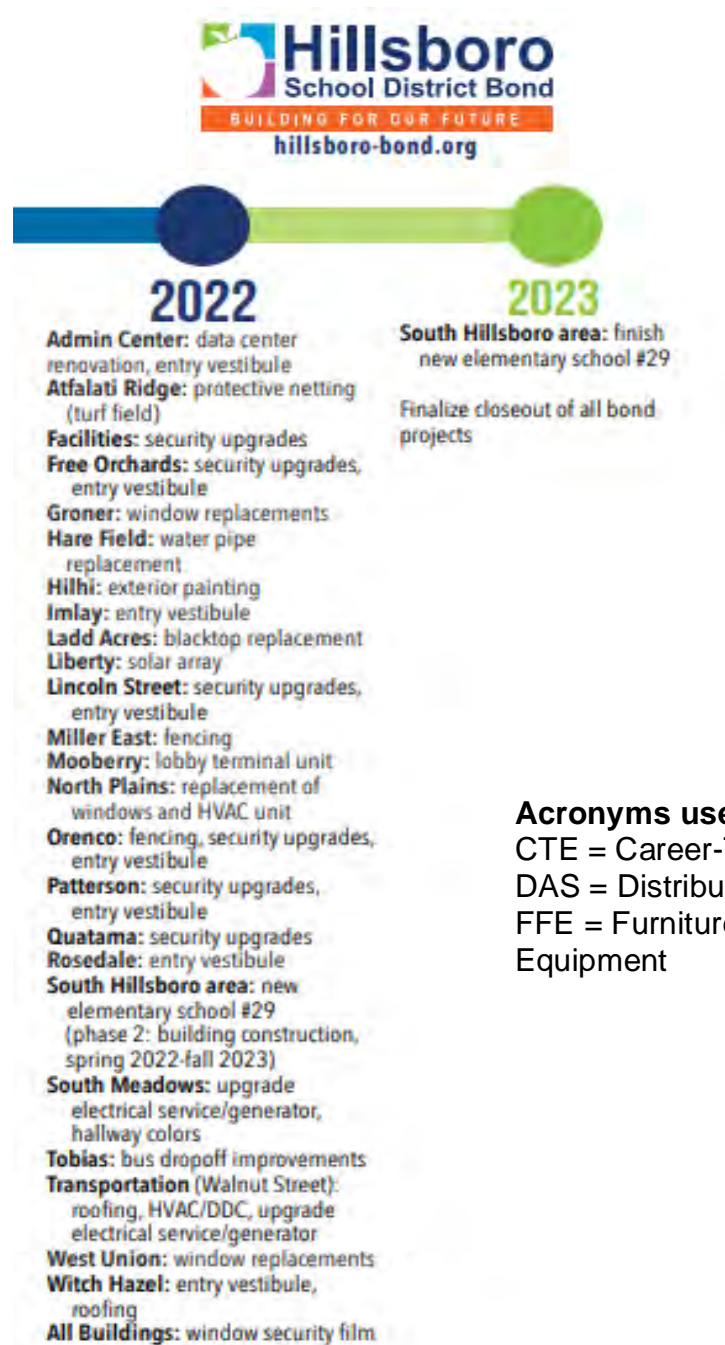

New sustainable agriculture/design CTE building at Liberty HS

- Upgrade classroom technology at all schools
- Upgrade District technology infrastructure including construction of a dark fiber ring to serve all District facilities
- Career-technical education investment at all District high schools
- Purchase of flexible classroom furniture for all District schools

INTERNAL SERVICE FUND

An Internal Service Fund may be established by transfer of one-time resources such as surplus fund balance with the intent of planning for future spending. Most recently, the District has utilized this function to establish a PERS Reserve Fund to offset pension cost increases. The fund was established and utilized within 5 fiscal years and was exhausted in 2018-19.

Due to the unusual circumstances described in the General Fund Balance section of this section (pages 40-41), there is an opportunity to establish such a fund as noted in the 2020-21 Comprehensive Annual Financial Report as “Future Expenses.” As one-time funds, the District may not use them to sustain long-term operational functions. The Internal Service Fund may be appropriated as transfers to the General Fund by the board during future budget development periods for uses such as:

- Actual Service Level Stabilization
If the general fund resources, specifically the State School Fund is not appropriated at a level to cover the increase in costs to maintain stable service levels for students, the board may access the Internal Service Fund as a temporary supplement.
- Technology Replacement
The District is now on a 1:1 device program that requires access to the internet, replacement of devices on a schedule, and additional licenses for system security and safety for students.
- PERS Reserve
Historically, the District has utilized the Internal Service Fund to offset rising costs of the pension program. Costs include debt service on pension obligation bonds that are stable based on a payment schedule through 2026. The rates that are paid directly to PERS by employers are determined by market returns every odd year, and set employer rates in the upcoming biennium. For example, the pension system earnings for 2019-21 determine the payroll rates for the 2023-25 biennium.
- Strategic Plan Initiatives
The district is entering the process of developing the next 5-year Strategic Plan. Initiatives under the plan may be explored, piloted, and supported by Internal Service Fund resources in future years.
- Curriculum Adoption
The District strives to maintain alignment with the Department of Education curriculum adoptions. Over the course of multiple underfunded years, the District has fallen behind in an effort to preserve student services over purchasing new curriculum. The process for adoption requires a period of discovery and piloting prior to implementation (spanning 2 fiscal years). See the table below for a tentative adoption plan for curriculum.

TAX RATE EFFECT ON TAXPAYERS

While the District lies in multiple counties, 99.98 percent of the District's assessed value lies within Washington County. The District's Operating (Permanent) Tax Rate Limit is \$4.9749 per \$1,000 of assessed property value, and calculated in conjunction with the implementation of Measure 50 in 1997.

Tax Rates	2018-19	2019-20	2020-21	2021-22	Projected 2022-23
Permanent Tax Rate per \$1,000 of AV	4.9749	4.9749	4.9749	4.9749	4.9749
Bond Tax Rate per \$1,000 of AV	2.1639	2.2049	2.2755	2.1321	2.1631
Average Assessed Value	\$270,208	\$279,432	\$287,220	\$295,978	\$304,857
Tax Burden	\$1,929	\$2,006	\$2,082	\$2,104	\$2,176

Measure 5, which introduced property tax rate limits, was passed in 1990 and became effective starting in the 1991-92 tax year. When fully implemented in 1995-96, Measure 5 cut property tax rates an average of 51 percent from their 1990-91 levels. Measure 50 was passed in 1997 and cut property taxes, introduced assessed value growth limits, and replaced most tax levies with permanent tax rates. Permanent tax rate equals the maximum rate without voter approval. When Measure 50 was implemented in 1997-98 it cut effective tax rates an average of 11 percent from their 1996-97 levels.

Measure 5 (M5 limits)

- \$5 per \$1,000 real market value (RMV) for schools
- \$10 per \$1,000 RMV for general government taxes
- Applied only to operating taxes, not bonds
- For each property, school taxes and general government

Measure 50 (M50 limit)

- Annual growth of AV limited to 3.0 percent for existing property
- Assessed value (AV) for 1997-98 was set (at 90.0 percent of 1995-96 AV for each property) and permanent rates were established for taxing districts
- For new property, AV = (RMV) times (AV/RMV of similar property)

General Obligation Bonds – In November 2012, the District issued \$98.9 million in General Obligation Bonds with an interest rate of 1.5 percent to 5.0 percent. In November 2017, the District passed a \$408 million capital project levy. In December 2017, the District issued a \$268.4 million general obligation bond series and realized an unamortized premium of \$51.6 million, with an interest rate of 3.0 percent to 5.0 percent. In February 2020, the District issued a \$139.6 million general obligation bond series and realized an unamortized premium of \$27.7 million, with an interest rate of 1.5 percent to 5.0 percent. In October 2020, the District refinanced the 2012 General Obligation Bonds and issued \$40.4 million in General Obligation Bonds with an interest rate of 0.22 percent to 0.75 percent.

The District issued General Obligation Refunding Bonds, Series 2020, in an aggregate principal amount of \$40.4 million. The proceeds were used to refund the Callable Portion only of the District's 2012 Bonds and to pay the costs of issuance. The Bonds helped the District obtain a benefit of savings in total debt service requirements. The present value of the economic gain resulting from the refunding was \$1,617,680. The Callable Portion of the 2012 Bonds, \$37.1 million, are defeased due to placing the proceeds of the new bonds in irrevocable trusts to provide for future debt payments on the old bonds. This amount has a call date of June 15, 2022.

Pension Obligation Bonds – During the 2004-05 fiscal year, the District participated in pooled issuances of taxable pension obligation bonds to pay off a portion of the District's unfunded actuarial liability. The District issued \$102.9 million in debt as part of a pooled issuance of \$458.6 million. In May 2015, the District issued \$39.86 million in taxable pension obligation bonds to finance the District's estimated PERS unfunded actuarial liability. Bond proceeds were paid to the Public Employee Retirement System (PERS). An intercept agreement with the State of Oregon was required as a condition of issuance; therefore, a portion of State School Support is withheld on a monthly basis to repay debt. Annual principal and interest payments are made each June 30, ending June 2034.

Qualified Energy Conservation Bonds – In March 2016, the District entered into a direct placement agreement for an Energy Conservation Bond in the amount of \$3.4 million. The bond has an interest rate of 3.46 percent, which is offset by tax rebates to the issues as a participant in the Quality Energy Conservation Bond program.

Capital Leases – The District entered into lease agreements as lessee for financing the acquisition of buses for student transportation in 2016-17 for \$1.3 million, 2017-18 for \$1.3 million, 2018-19 for \$1.1 million, 2019-20 for \$1.2 million and 2020-21 for \$1.2 million. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the net present value of their future minimum lease payments as of the inception date. The capital lease obligations are paid by the Special Revenue Fund, which is funded by a transportation grant from the State School Fund. The District is on a schedule to decrease financing transactions for bus purchases by the end of fiscal year 2024.

Future debt service requirements for governmental activities long-term debt are as follows:

STUDENT ENROLLMENT

For the 2022-23 school year, the District will operate twenty-five elementary schools, serving Grades K-6; one elementary school, serving Grades K-8; four middle schools, serving Grades 7-8; and four high schools, serving Grades 9-12. Hillsboro School District also serves students in one alternative school, one online academy, and one charter school.

In order to have the most complete picture possible for projecting enrollment, the District has multiple tools for estimating the number and types of students to serve. Enrollment projections drive the State School Fund formula and predict funding levels. Recent residential development trends also rely on projections. Please see methods described below.

Davis Demographics Reports	(2016, 2017, 2018, 2019, 2020) This annual report is based on historical student enrollment by school, participation and mobility trends, and regional residential development.	The most recent report shows there are housing projects underway and the District is only beginning to see new students.
Oregon Department of Education ¹	(Quarterly) Consolidated student enrollment reports and state school fund estimates provide insight to enrollment and demographics for the District and the state of Oregon.	The District's Student Information System provides the data and staff verify that data prior to use.
Historical Student Data	District staff record and analyze data monthly to project staffing and facility needs for instruction at the targeted class size and caseload ratios.	A five-year annual ADMr average change and class roll-ups determine the enrollment levels for budgeting purposes.

The Average Daily Membership (ADMr) represents the number of resident students in attendance at schools within the district. The district submits a quarterly and annual report generated by the student information system to the Department of Education that drives the base level of state funding, prior to weighting for various types of students. Typically, the first quarter enrollment report from October 1st is higher than the finalized annual report that determines funding. Please note in the chart below that in 2015-16 Kindergarten changed from 0.5 FTE to 1.0 FTE in order for districts to fund full-day services.

¹ Oregon Department of Education: <http://www.oregon.gov/ODE/Pages/default.aspx>

In the following chart, ADMr represents Average Daily Membership-Resident or students enrolled. ADMw represents Average Daily Membership-Weighted and includes the students enrolled plus their additional weighting for various eligibilities such as students on individual education plans, students in poverty, etc. Please see [ORS 327.013](#) for more information on student eligibility and weighting.

Another key piece of data is the October 1st District enrollment report. Historically, the October 1st enrollment marks the highest student count of the year and projections are used for staffing and determining discretionary budgets for schools. The district has experienced level and declining enrollment over the last five years. Although student growth is anticipated due to new available housing within the district, birth rates are down (consistent with national trends), and student mobility (students exiting the District across all grades) is a challenge that district staff are focusing on.

² Extended ADMw is the highest of the current or prior year for funding purposes.

Certified – an employee who fills school or educational assignments requiring the issuance of a certificate. Examples are teachers and specialists.

Classified – an employee whose position within the District does not require certification. Examples are clerical, custodial, maintenance, computer tech, etc.

Administrative – an employee involved in the management of school operations at a school or district level. Examples are principals, vice principals, superintendent, executive directors, etc.

Supervisory/Technical – an employee providing management and technical assistance for specialized fields. Examples are department managers, software developers, systems analysts, etc.

PERFORMANCE MEASURES

Drop Out Rates

Drop out data is collected in the Annual Cumulative Average Daily Membership (ADM) Data Collection each year at the end of the school year, which identifies students' enrollment dates and status as of the last day of enrollment for the year. A drop out is a student who withdrew from school and did not graduate or transfer to another school that leads to graduation. Dropouts do not include students who:

- are deceased,
- are being home schooled,
- are enrolled in an alternative school or hospital education program,
- are enrolled in a juvenile detention facility,
- are enrolled in a foreign exchange program,
- are temporarily absent because of suspension, a family emergency, or severe health problems that prevent attendance at school,
- received a GED certificate,
- received an adult high school diploma from a community college.

Dropout rates at the State level have been decreasing for several years and are the lowest they have been since 2011-12. The change is primarily due to the transition from in-person to on-line school in the spring of 2020. Students in the community were disproportionately impacted and faced multiple challenges including illness (either the student or a family member), unemployment in their families necessitating many students go to work, having to provide care/childcare for family members, access to support with assignments, mental health or social issues. Students are more engaged and showing progress now that students are back in schools. The District continues to try to reengage those students that dropped out.

Graduation Rates

Hillsboro School District graduation rates were on a steady rise over the last 5 years until 2020-21. The change is primarily due to the transition from in-person to on-line school in the spring of 2020. Our students of color, many who are emerging bilinguals, benefit by the scaffolds, supports, feedback and interaction with the teacher in school, which did not exist for the same amount of time in comprehensive distance learning as it did in person. Once students started limited in person, more students were engaged in their learning.

The following data is 4-year cohort graduation rates for 9th graders entering High School in 2008-09 through 2017-18.

Standardized Test Scores

The District has scored within 1.0 percent of the State in both ELA standardized test scores and Math standardized test scores between 2016-17 and 2018-19. Due to the pandemic, test scores are not available for 2019-20 or 2020-21.

Free/Reduced Lunch Statistics

Beginning in the 2020-21 school year the State of Oregon has enacted legislative expansion of the free meal eligibility in schools. Increasing the household income limit as well as supplementing revenues for the Community Eligibility Provision promotes expansion of use. These new provisions are intended to decrease food instability in households throughout Oregon. During the 2019-20 school year, HSD's percentage of free-and-reduced-price-eligible students totaled 46.0 percent or 9,043 students. Due to the pandemic, current data is not reliable and indicates a percentage of only 38.0 percent. Federal actions have allowed all students to continue receiving meals at no cost during the 2021-22 school year. While total meals served thus far in 2021-22 are up 6.6 percent; we can see an average of 60.0 percent increase in lunches (unique student participation) participating versus last school year participation to-date.

The graph below depicts the breakdown by level of students receiving free/reduced lunches (FRL) in the past three years.

BUDGET SITUATION RETROSPECTIVE

2021-22 (-\$3.9 million General Fund, +\$5.25 million Student Investment Account, +\$18.9 ESSER I/II/ARP Funds)

Heading into the 2021-22 school year, we anticipated a general fund shortfall of approximately \$3.9 million. We intended to absorb that shortfall by funding eligible expenses with a portion of the \$16.5 million in Student Success Act/Student Investment Account (SSA/SIA) dollars we expected to receive.

During CDL, a concerted effort was made to keep staff safely working by repurposing some to support students and some to work on maintenance projects, and continuing to utilize the Work Share program for select employees. The Oregon Employment Department Work Share program streamlined unemployment benefits to eligible employees that had a reduction in 20-40% of their regular hours while maintaining a pre-reduction level of insurance benefits.

Areas of savings during CDL include transportation, utilities (from lack of evening events), and substitutes. Areas of excessive costs include technology (hardware, licensing, training, and support), access to the internet, and meal delivery services.

The state was ultimately able to deliver \$150 million (of the initially-anticipated \$475 million) in SIA funds to school districts, which meant HSD received approximately \$5.25 million to help support eligible expenses in the categories of instructional time, student health and safety, reducing class size, and well-rounded education.

HSD expects to receive approximately \$38 million in federal coronavirus relief funds (Elementary and Secondary School Emergency Relief Funds, or ESSER Funds). A group of cross-functional administrators created and Accelerated Learning Spending Plan that will guide investments of the temporary federal aid or ESSER funds, ODE Summer Grants, Student Investment Account, and High School Success/Measure 98 funds. These funds will be central to our efforts to mitigate the negative impacts of the pandemic and successfully transition students back to full-time in-person instruction.

We intend to continue advocating at the state level for additional funding for K-12 education through the SSF. It is a delicate exercise, as we certainly do not want to appear ungrateful for the historic investment in education that was realized through the SSA/SIA; however, for the SSA/SIA to be a true investment, it needs to be in addition to - not a substitute for - a stable base of funding.

2020-21 (-\$4.6M, +\$3M (cost savings), +\$5.25M (SIA), - ~\$4M (increased operational expenses, + \$4M COVID relief funds)

Heading into the 2020-21 school year, we anticipated a shortfall of approximately \$4.6 million. We intended to absorb that shortfall by funding eligible expenses with a portion of the \$16.5 million in Student Success Act/Student Investment Account (SSA/SIA) dollars we

expected to receive. As the spring wore on, however, there was increasing uncertainty over the impact COVID-19 would have on our funding situation, including the availability of SIA dollars, so HSD implemented three cost-saving measures in late spring 2020:

1. Spending freeze
2. Hiring freeze
3. Participation in Work Share program for all employees from May 15, 2020, through July 24, 2020, in which employees were furloughed one to two days per week, rather than being laid off. Employees received their regular pay for the days they worked and Work Share unemployment pay for the furlough days. Employees also received \$600 per week from the federal CARES Act.

These measures saved the District approximately \$3 million that was then available for operational expenses in 2020-21.

HSD also staffed schools at a three percent reduction in anticipation of enrollment loss due to extended school closures and the Comprehensive Distance Learning (CDL) model. (2020-21 enrollment is down approximately 1,000 students from the 2019-20 school year.)

During CDL, a concerted effort was made to keep staff safely working by repurposing some to support students and some to work on maintenance projects, and continuing to utilize the Work Share program for select employees.

Areas of savings during CDL include transportation, utilities (from lack of evening events), and substitutes. Areas of excessive costs include technology (hardware, licensing, training, and support), access to the internet, and meal delivery services.

The state was ultimately able to deliver \$150 million in SIA funds to school districts, which meant HSD received approximately \$5.25 million to help support eligible expenses in the categories of instructional time, student health and safety, reducing class size, and well-rounded education.

It is anticipated that HSD will end the year with a balanced budget. Partners such as Washington County and the Hillsboro Schools Foundation brought additional support for students and their families during the public health emergency. The District will also have access to additional COVID-19 relief funds that can be spent over the next biennium; funding will be used to address long-term recovery from the pandemic that will benefit the greatest number of students with the highest levels of need.

2019-20 (-\$9,612,175 + \$480,000 + -\$1.5 million)

The 2019 Legislative Session was one the education community was extremely excited about. With a democratic supermajority in the House and Senate, the opportunity for a generational fix for education funding was within reach. Indeed, the Legislature passed the Student Success Act- a piece of legislation designed to generate \$2 billion each biennium through a corporate activities tax (CAT)- to provide the funds to lower class sizes, support students' mental health needs, offer extended learning opportunities and enriched

educational experiences, and fully fund Measure 98- the career-technical education, graduation attainment, and dropout prevention measure passed overwhelmingly by voters in 2016.

But the Legislature also allocated what was for many large districts, including HSD, an insufficient amount to the State School Fund (SSF). At the time we needed to present a budget proposal to our budget committee, the statewide K-12 budget was thought to be \$8.972 billion; therefore, we planned for reductions of \$9.6 million from our 2019-20 to cover our shortfall for the biennium. However, on June 4, 2019, the Governor signed a budget that increased K-12 funding to \$9.0 billion. The additional \$28 million statewide translated to approximately \$480,000 for HSD. Rather than allocate those funds, we opted to use the funds to ensure high school student success coaches remained whole, address class size hot spots, and meet other student support needs.

By winter, it was clear that decreasing enrollment and an increase to the cost of utilities beyond historical averages had caused an additional shortfall in the current year of approximately \$1.5 million. That shortfall was managed by restricting discretionary spending and utilizing other funding to cover general fund expenses, where possible.

2018-19 (-\$3,679,289 + -\$2,000,000)

Relatively flat state revenue projections and this being the second year of the biennium meant there were no changes to the 2017-19 K-12 budget during the 2018 short session. That, coupled with the fact that our student enrollment has fallen short of projections for the last two years and that student enrollment across the state has increased, thereby reducing the amount provided per-student, meant that we were in a reduction mode again for 2018-19.

We estimated our shortfall to be \$3,679,289, which already accounted for the utilization of the last \$1 million in our PERS Reserve Fund and the further reduction of our Ending Fund Balance to 4.0 percent after the 2018-19 school year. We proposed managing the shortfall in the following ways:

- Use Construction Excise Tax funds to pay principal and interest on our administration center - \$530,000
- Pay for certain technology and equipment expenses out of bond funds - \$700,000
- Reduce roll-up cost estimates for staffing, salaries, and benefits reductions - \$2,449,289

In early 2019, it became clear that the reductions heading into the school year hadn't gone far enough, based on our declining enrollment and changing student demographics. So we implemented mid-year spending reductions to affect an additional \$2 million in savings.

2017-18 (-\$7,713,000)

The State Legislature met for their full session starting in February 2017. Facing the state was a \$1.6 billion shortfall versus what would have been needed to simply roll costs up from 2016-17.* On the K-12 side, we were also looking at a significant increase to PERS employer rates beginning in the 2017-18 school year (approx. 6.0 percent).

We built our budget assuming an \$8.15 billion allocation to K-12 education, which meant making cuts of approximately \$7.5 million. We ultimately had to stick to those cuts- even though the final allocation was \$8.2 billion- because the money was split 50/50 rather than 49/51, which meant higher costs in the second year of the biennium.

To reach our target, we did the following: 1) Used reserves and adjustments: State School Fund adjustments for 2015-16 and 2016-17- \$1 million; PERS Reserve Fund- \$1 million; Construction Excise Tax to offset Facilities budget- \$1 million; Reduce Ending Fund Balance to 4.5 percent- \$1 million; and 2) Implemented efficiencies/reductions: Central Office reductions and efficiencies- \$2,258,000; Student Services reductions- \$455,000; Better align staffing to enrollment- \$1 million. Total reductions were \$7,713,000.

Efforts to pass bills around revenue reform and cost containment were not successful in the 2017 session, but will hopefully be addressed again in the 2019 session.

(*The \$1.6 billion shortfall was largely filled by the implementation of a healthcare provider tax, which would not only bring in revenue from the tax, but also federal matching dollars. A successful signature-gathering campaign in the summer/fall of 2017 led to this item's referral to a special election in January 2018. It was defeated and the tax was initiated as planned.)

2016-17 (-\$2.33 million)

As we budget for the 2016-17 school year, we are feeling the effects of a still-volatile economy. Modifications to the laws around Gain Share mean that the District is no longer receiving "pass-through" money of approximately \$1.2 million per year from the City and County. Also, though the region saw significant growth and districts around us experienced increasing enrollment, Hillsboro's enrollment did not meet projections. Furthermore, a majority of the PERS reforms that were passed in the 2013 session were deemed unconstitutional by the State Supreme Court and were nullified.

A positive is that we were able to secure three-year contracts with both our licensed and classified employee groups, which provides a measure of certainty when budgeting. Negotiated increases through those contracts included an annual cost of living adjustment (COLA) and insurance cap increase (total value equivalent to 3.0 percent COLA and \$25/month/year insurance cap increase).

Our efforts to contain costs for 2016-17 included "trueing up" the staffing ratio to align with actual enrollment (loss of 14.42 licensed FTE positions), and reducing district-level department budgets (discretionary) by 2.0 percent. We were able to add 2.0 FTE classified custodial positions to reduce the pressure on some of our buildings with half-time night custodians. Net reductions/savings of approximately \$2.33 million.

More information regarding budget years prior to 2016-17 are provided on the District website at <https://www.hsd.k12.or.us/Page/2060>.

GLOSSARY OF TERMS AND ACRONYMS

ACCRUAL BASIS

The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows.

ADM_w

Average daily membership, weighted for additional student characteristics

ADOPTED BUDGET

Financial plan adopted by the governing body for the fiscal year or budget period that is the basis for appropriations (ORS 294.456).

APPROPRIATION

A legal authorization to make expenditures and incur obligations for specific purposes. Total appropriations include the adopted budget and any supplemental budget(s). The legal appropriation is the amount authorized by the board (ORS 294.311(3)).

APPROVED BUDGET

The budget that has been approved by the budget committee.

ARO_I

Academic Return on Investment

ASBO

Association of School Business Officials International

ASSESSED VALUE (AV)

The value placed on real and personal property as a basis for imposing taxes. It is the lesser of the property's maximum assessed value or real market value.

AVERAGE DAILY MEMBERSHIP (ADM)

The year-to-date average of daily student enrollment.

AVID

Advancement Via Individual Determination

BALANCED BUDGET

Projected resources equal projected requirements within each fund.

BALLOT MEASURE 98 (HSS)

High School Success is a fund initiated by ballot Measure 98 in November 2016 to aid in increasing graduation rates and ensuring high school graduates are ready for their next step. The measure passed with 65% voter support and allowed the Oregon Department of Education (ODE) to disperse funds during the 2017-19 biennium among districts and charter schools that serve students in grade 9 through grade 12. All areas of eligibility must be fully in place by the end of the 2020-21 school year.

BASIS OF ACCOUNTING

Methodology and timing of when revenues and expenditures or expenses are recognized and reported in the financial statements.

BOARD OF EDUCATION

Seven member elected board, created according to state law and vested with responsibilities for educational activities in a given geographical area, who establishes policy, hires a superintendent and governs the operations of the district.

BOND

A written promise, general under seal, to pay a specific sum of money, called the face value, at a fixed time in the future, called the date of maturity and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period and requires greater legal formality.

BUDGET COMMITTEE

A statutorily (ORS 294.414) defined committee composed of the School Board and an equal number of citizen members appointed by the Board. The committee is responsible for reviewing the budget as proposed, recommending changes and approving the final budget presented to the School Board for adoption.

BUDGET DOCUMENT

Written report showing the school district's comprehensive financial plan for one fiscal year. It must include a balanced statement of actual revenues and expenditures for each of the last two budgets and estimated revenues and expenditures for the current and upcoming budget.

BUDGET MESSAGE

Written explanation of the budget and the school district's financial priorities. The Superintendent of the school district prepares and presents the message.

BUDGET

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the purposed means of financing them.

CAFR

Comprehensive Annual Financial Report

CAPITAL OUTLAY

Items which have a useful life of one or more years and exceed a dollar threshold established by the district, such as land, buildings, furniture, and equipment.

CAPITAL CONSTRUCTION FUND

Accounts for resources, usually bond sale proceeds, used for activities related to the purchase or construction of major capital assets.

CARES ACT

Coronavirus Aid, Relief and Economic Security Act

CASH BASIS

System of accounting under which revenues are accounted for only when received in cash, and expenditures are accounted for only when paid.

CCR

College & Career Readiness

CET

Construction Excise Tax

CIP

Construction in Progress

CONTINGENCY

An estimate in an operating fund for unforeseen spending that may become necessary.

COST CENTER

An administrative subdivision of the school district, which is charged with carrying on one or more specific purposes such as a school, department or special program.

COVID

A mild to severe respiratory illness caused by a coronavirus first identified in Wuhan, China in December 2019. In 2020, the virus was declared a global pandemic.

CTE

Career and Technical Education

CURRENT BUDGET PERIOD

The budget period currently in progress.

CURRENT SERVICE LEVEL (CSL)

Determined by the Confederation of School Administrators and the Oregon Association of School Business Officials.

DAS

Distributed Antenna System

DEBT SERVICE FUND

A fund established to account for payment of general long-term debt principal and interest.

DISTRICT STRATEGIC PLAN

Articulates the District's mission, goals, and focus areas as it strives to increase the achievement of all students.

DMGroup

District Management Group is an independent consultant that helps school district leaders combine the most effective educational best practices with proven management techniques to bring about measurable, sustainable improvements in student outcomes. The District works with DMGroup on AROI.

ESSA

Every Student Succeeds Act

ESSER

Elementary and Secondary School Emergency Relief Fund

EVERY STUDENT SUCCEEDS ACT (ESSA)

Federal law governing the United States K-12 public education policy. Like the No Child Left Behind Act, ESSA is a reauthorization of the 1965 Elementary and Secondary Education Act, which established the federal government's expanded role in public education.

EXPENDITURES

Total amount incurred if accounts are on an accrual basis; total amount paid if accounts are on a cash basis.

FEMA

Federal Emergency Management Agency

FFCO

Full Faith & Credit Obligation

FFE

Furniture, Fixtures, and Equipment

FISCAL YEAR

A 12-month period from July 1 through June 30 to which the annual operating budget applies.

FULL TIME EQUIVALENT (FTE)

The term used to note the percentage of the job employed based on one full time employee being the norm. One FTE is one employee 100% of the time for the entire year. (0.5) FTE is one employee working one-half of the day in that position.

FUNCTION

A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible.

FUND BALANCE

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves & appropriations for the period.

FUND TYPE

Any one of seven categories into which all funds are classified in governmental accounting. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and trust and agency.

FUND

A fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, balances and changes, all segregated for specific, regulated activities and objectives.
