WAYS TO EXPLORE:

THINK

- Learn about stages of childhood development. Find out how old you were when you said your first word, took your first step or other developmental milestones.

CREATE

- Put together a babysitting kit. What are age appropriate toys, games and activities that you can have ready to entertain children for when you are old enough to babysit?

INVESTIGATE

- How do you become a Red Cross certified babysitter? Learn about first aid, keeping children safe and babysitting basics. How else can you explore in the area of **EARLY CHILDHOOD EDUCATION?**
